IFROM THE BEE'S LINCOLS BUILDARY. In the Hollman Rosewater libel case yesterday forenoon, the time was completely occupied until 11 a. m. by the cross examination of Hoffman on his redirect examination. This examination went over the entire ground in minute. detail, the attorneys trying their best to have Hoffman trace his course from Lincoln southward when he went off on his expedition, but it was a hard matter to bring forth, Hoffman showing the greatest ignorance concerning the geography of the country through which he must have passed if he had not gone through it hurriedly by rail. The testimony of Hoffman in regard to the disposition of the horse was that he sold it in Emporia. Kan., that the weather was cold and he ran short of funds. Certain documents, written for the papers, that were admitted in evidence, were gone over the second time, and the matter of the telegrams presented as evidence was worked upon for a long time, the cross-examination tending to show the unreliability of the documents as presented. Manager Gerrans, of the Western Union office in this city, was on the stand following Hoffman, testifying regarding the appearance of the telegrams, one purporting to be a day and the other a night message. These were regarding the alleged arrest of Hoffman. Mr. Gerrans' testimony showed that one of the dispatches especially was very lame in point of accuracy, it having no time placed upon it when it was received, or who it came from, or what kind it was—whether a day or a night message. The testi-mony here closed for the forenoon. The afternoon in the libel suit was en-

tirely occupied in the rebuttal testimony, in which many of the former witnesses were recalled for short intervals, and much sparring was indulged in by the attorneys, and a large amount of written testimony was read to the jury, including the deposition of Hedges taken in Arkansas. A large number of articles from the BEE were read to the jury, and when court was through at night the evidence was ended and arguments are the order for to-day.

THE STATE JOURNAL AND HOWE.

The State Journal has at last entered

congressional contest enough t tacitly endorse Howe and commence campaign for him. This great openin of the railroad organ followed immed ately on the heels of a personal visit of Church Howe to the third floor of th Journal building, when the law wa The opening of the Journal batteries are characteristic of the paper, for, while great many people are wondering how that organ will fall into one to support a man who tried to steal the state for Tilden, and who has fed upon Lincoln fatness in legislative sessions for years they behold the Journal dogding all these and entering upon a sectional warfare against Omaha, howling down McShane, not because he is honest where his competitor is dishouest, nor because cedures, but simply because McShane lives in Omaha and Omaha men in polities must be crucified. This is the way the great organ of every trickster and tool in the state enters the campaignby howling against Omaha.

NEW TRAINS.

Commencing Monday next the Chicago & Northwestern road will commence the running of regular trains between Fre-mont and Lincoln. There will be regular passenger trains, two a day each way connecting with regular trains at Fre mont for Chicago. In a very short time through Chicago Pullman sleepers will be run by this line out of Lincoln, and the new road bids fair to become a popular route for Lincoln. Trains at present will leave Lincoln at 7:30 a. m. and 2:00 p. m., and will arrive at Lincoln at 10:45 a. m. and 6:00 p. m.

AGENT JAMES AGAIN. The grand jury returned an indictment yesterday against John D. James the late law and order league agent who came down from Omalia to reform Lancoin. James, it will be remembered, was arrested during the summer, charged with adultery in having rented a room and occupied it with a woman who was not his wife. Upon his preliminary hearing James was bound over under \$300 oonds to appear and answer at this term of the district court, but thus far he has failed to come to time and a deputy sheriff, who a few days ago, passed twenty-four hours in Omaha, failed to find James. Consequent upon all this when the indictment was returned and James could not be found, and as the crime did not come under the catalogue of those through which criminals are secured by extradition, the district attorney decided to have the bond forfeited and consequently it was so declared by the judge and A. S. Raymond, Agent James hondsman is left holding the sack for \$300 which he will have the opportunity to pony up.

SOME INDICTMENTS. The grand jury for the present term of court finished its work yesterday and was finally discharged. The grand jury has returned, alltogether, forty-nine indictments covering everthing imagin-able in the criminal code from murder in the second degree to saloonkeepers for selling after hours and keeping blinds before their windows. Yesterday pre-vious to adjournment the grand jury presented seventeen indictments as a finishing dose as follows: John D. James (law and order agent)

for adultery; Lydia Stewart, keeping a house of prostitution; Lydia Stewart, selling hour without a license; Fred Paschen, Fred Andreas and Julius Meyer, for selling and giving away liquors and selling liquors on Sunday; August Stone, indicted for bigamy, three wives living; Mollie Hall, indicted for keeping a house of prostitution,

There are among the Ceners four in-dictments returned in the Stewart Chute matter that will develop into cases of a good deal of importance, and a number of burglary cases were returned in the collection of informations yesterday. The judge in discharging the grand jury complimented that body and District Attorney Strode upon the thorough and persistent work that they had transacted and in the way they had accelerated the business before them.

ABOUT THE CITY. William Neville, one of the prominent bridge contractors in ratiroad work, was in the city yesterday, and he had just returned from the great wreck on the B. & M. Blue Hill extension, near the town of Deweese. Mr. Neville states that the number of dead is limited to five, and that a view of the place where the wreck occurred would make any man wonder that the number of killed was not much greater. Mr. Neville says that the wreck as it laid piled up in a ravine thirty feet below the railroad track was one of the

worst in his experience.

The Irish citizens of Lincoln are mak-

ing active preparations for a second greeting to Michael Davitt, who will be in Lincoln on the 28th inst. Mr. Davitt on this his second visit to the state capitol will deliver a lecture on the Irish ques-tion, and the local committees have encaged the opera house for that evening. The different committees are doing all the work possible to advertise this event of no minor importance, and they hope that Lincoln will honor Davitt with a large audience. The speaker will be under escort to the opera house of the

Irish societies of the city.

A few nights ago a mail box on one of the resident streets of the city was broken open and robbed of its contents. The police have been on the watch for the of-fenders, and yesterday one of the three parties committing the net turned state's evidence and in consequence Jim Wal-linger and Pat McNelse were turned over o United States officers to answer the charge of robbing the mails.

Four plain cases of drunkenness were up for hearing by Acting Judge Cochran, and each were assessed the customary

fine and costs for their fun.

Daniel O'Connor, one of the parties who was killed in the wreck of the B. & M. construction train, was brought to the city yesterday and the body prepared for

A slight collision in the Union Pacific yards at this city a night ago shook up a passenger train somewhat and wrecked an engine. The cause of the accident was carelessness but the damage was not of a serious character.

The Odd Fellows continued in unin-terrupted session at the hall yesterday and the morning hours were occupied with the exemplification of the secret work. Owing to the large amount of business that they have before them they declined to take the drive around the city as proffered them by the citizens of Lincoln, but continue work without interruption. The following is the statement of lodges, membership and finances for the year. The number of working lodges at last report was 131 Since which have been organized 7

The First Keen Twinge. As the season advances, the pains and aches by which rheumatism makes itself known, are experienced after every exposure. It is not claimed that Hood's Sarsaparilla is a specific for rheumatism -we doubt if there is, or can be, such a remedy. But the thousands benefited by Hood's Sarsaparilla, warrant us in urging others who suffer from rheumatism to take it before the first keen twinge.

Snicide at the Opera.

A dramatic suicide in the Politeama theater, of Plaisance, France, is recorded in the journals of that country. The opera of "Lucia di Lammermoor" was being sung for the benefit of the prima donna, Elvira, Brambilla. One of the gilded youth of Milan, named Giovanni Fiore, occupied one of the proscenium boxes and appeared to be very enthusiastic in his appreciation of the performance, especially of the singing of Brambilla, applauding vigorously each air of Lucia. He threw Brambilla three beau-Lucia. He threw Brambilla three beau-tiful bouquets, to each of which was affixed a varuable ring. At the close of the opera the young man secured an introduction to Brambilla, and entered into conversation with her in her box. After talking for a few minutes, he sud-denly exclaimed: "I have seen and heard Brambilla! The object of my life is attained!" With these words he drew a revolver, placed the muzzle to his temple, pulled the trigger, and fell dead at the feet of the prima donna.

James Donnelly, Sr. October 21, 1886. Registrar,

The Proper Study of Mankind is Man," says the illustrious Pope. If he included woman in the list, he would have been nearer the truth, if not so poetical. R. V. Pierce has made them both a life study, especially woman, and the pecu-liar derangements to which her delicate system is liable. Many women in the land who are acquainted with Dr. Pierce only through his "Favorite Prescription bless him with all their hearts, for he has brought them the panacea for all those chronic ailments peculiar to their sex; such as leucorrhea, prolapsus, and other displacements, ulceration, "internal fever," bloating, tendency to internal cancer, and other ailments. Price re-duced to one dollar. By druggists.

Base Scheme of Designing Husbands Detroit Free Press: The other day as two well known citizens were standing together in the corridor of the postoffice happened to notice ... a potal card

held in the fingers of the other was directed to the holder.
"Why how does this come?" was asked. "Do you write latters to your-self?" asked. in inis case, yes," was the answer.

"That's funny."
"Well, not so very. See the other He held it up and the other read:
BROTHER BLANK: There will be a meeting of the I. O. O. S. B., No. 387, at the hall on the evening of October 10 to transact special bearings. Members not present will be fined \$15.

"Yes, but I don't exactly catch on," protested the innocent. "Oh, you don't! Well I got the cards printed myself. The society is all a myth. When I want to get out of an evening I direct one of those postals to my house. When I reach home my wife hands it to me with a sigh. I offer to stay at home and stand the fine of \$15, but she won't have it that way. That's all my friend—except that the same scheme is worked by hundreds of others, and our poor deluded wives haven't tumbled to be really as bled to the racket yet.'
